

Jon Sterckx

Drumscapes

live percussion sampling

Technical Requirements

Stage space minimum 7ft wide x 6 ft deep / 2.15m x 1.85m

I bring own mics, stands & their leads & D.I box.

Will need 2 socket power supply on stage & 2 x XLR output leads from my D.I box to your stagebox / mixer.

No monitors are required on stage. (monitoring through headphones)

Technician should be on desk throughout the performance.

Minimum 30 minutes required for set up & soundcheck.

Allow 15 minutes to clear the stage after performance. Stage should be kept clear of other musicians / equipment etc until I have removed all equipment & instruments.

Parking for 1 vehicle (Transit size).
