

Drumscapes

Jon Sterckx Live Percussion Sampling

*Tradition meets innovation meets cutting edge technology
in the hands of one musician's solo performance.*

live / recorded / acoustic / electronic / studio / stage / analogue / digital / drumscapes

Using a range of percussion instruments, vocal percussion & live sampling technology, Jon creates live multi-percussion rhythmic soundscapes - 'Drumscapes'

Traditional Indian & Middle Eastern instruments & rhythms infused with a contemporary and innovative delivery. Using real time audio processing, new sounds evolve from the mix as the acoustic becomes the electronic.

All instruments are played, sampled, mixed & processed live on stage, creating a live multi-percussion multi-track performance of highly energised rhythmical journeys.

A unique and exciting percussion performance.

tabla / darabuka / frame drums / djembe / riq / cajon / udu / mouth harps / vocal percussion
